ABSTRACT

Data on Alabama colleges and universities for the 1987-88 academic year are presented. Information for most institutions, includes the following: the year of founding, mailing address and telephone numbers, president's name, fall headcount and full-time-equivalent enrollments (for 1984, 1985, 1986, 1987), tuition for in-state and out-of-state undergraduate and graduate students, degrees conferred at each level (certificates, associate, bachelor's, master's, doctoral, and first professional) when appropriate, and calendar type (quarter or semester). All public senior universities, two-year colleges, community colleges, and technical colleges and all private senior and junior colleges are included. (MSE)

The 1987-88 FACTBOOK is published by the Alabama Commission on Higher Education and is intended to serve as a handy "thumbnail" sketch of higher education in Alabama. I hope you will find it helpful.

In using this book you will see that higher education is a vital resource for Alabama's future. In fact, the 57 public institutions of higher education place post-secondary education within an hour's drive of 95 percent of Alabama's residents. That is quite an accomplishment!

Should you need additional information, please contact the office of the Director of Public Relations.

Tom Roberson, deputy executive
director for student
assistance

Created by the Legislature in 1969, the Commission is charged with the responsibility of coordinating public higher education in Alabama.

The Commission, composed of 12 lay citizens who give of their time without compensation, is devoted to representing the citizens' higher-education interests to the Governor and Legislature, while at the same time faithfully presenting the needs of the colleges and universities to the state.

In carrying out its responsbilities to approve new programs, review existing programs, formulate an annual budget recommendation, coordinate student financial aid programs and chart long-range goals for higher education, the Commission has organized its staff into two divisions - planning and coordination and student assistance.

In addition to its other duties, the Commission administers a number of special programs:

Alabama Universities-TVA Research Consortium (AUTRC)

Alabama Eminent Scholars Program

Network of Alabama Academic Libraries (NAAL)

Academic Common Market

Consortium for the Advancement of Foreign Language Education

Computer Competency Program

Experimental Program to Stimulate Competitive Research (EPSCoR)

Public Senior Colleges and Universities
